

UC Davis Medical Center and Children's Hospital

UC Davis Medical Center is a premier health-care facility for adult and pediatric patients seeking advanced medical treatment. As part of **UC Davis Health System**, the medical center is inland Northern California's only **level I (acute) trauma center** and a leading referral location for the most seriously injured or ill patients. The 577-bed facility includes the region's only full-service children's hospital and consistently ranks among the **nation's top hospitals**. It also has been repeatedly honored with the Consumer Choice Award for **best overall quality and reputation** among Sacramento hospitals.

Located on the Sacramento campus of UC Davis, just minutes from the state Capitol, the medical center is situated among research and clinical facilities, the **UC Davis School of Medicine**, the region's only **National Cancer Institute-designated cancer center**, and a nationally renowned research and clinical center for neurodevelopmental disorders known as the **UC Davis MIND Institute**. Additionally, the **UC Davis Medical Group**, with its extensive network of primary care physicians and specialists, provides patient care in 10 surrounding communities. All together, UC Davis offers comprehensive, state-of-the-art medical care, research and education unmatched by any other health system in the region.
